

RUBRIC FOR RAIN PATTERNS

EXCELLENT

Student is able to repeat the sequence the events of the rain cycle orally two times in order to form a pattern without making any mistakes. Student effectively communicates ideas clearly and accurately. Student answers all three questions about matter in a solid, liquid, and gas form with 100% accuracy.

GOOD

Student makes a minor mistake when sequencing the events of the rain cycle orally two times in order to form a pattern. In addition students may miss one of the oral questions about matter being in a solid, liquid, or gas form. Student does a good job orally overall communicating ideas.

POOR

Student is unable to sequence the events of the rain cycle orally two times in order to form a pattern. Student is ineffective in communicating ideas accurately and clearly. Student misses two or more oral questions about matter.
