### **CHECKLIST / INSTRUCTIONS FOR CATAPULT**

Directions: As you complete each step of the instructions, check the student column. The teacher will come around to check the teacher column.

| Student assessment | Instructions                                                                                                           | Teacher assessment |
|--------------------|------------------------------------------------------------------------------------------------------------------------|--------------------|
|                    | Place the ruler flat on the desk top.                                                                                  |                    |
|                    | Place the block of wood on one end of the ruler length-wise                                                            |                    |
|                    | Put the spoon on top of the wood facing in towards the ruler with the cup side of spoon up facing towards the ceiling. |                    |
|                    | Wrap the masking tape completely around the wood, spoon, and ruler in two different places.                            |                    |
