

Dear Parents,

Welcome to my class. I am looking forward to working with your child this year. In order to make your child feel comfortable with school and to build his /her self esteem, I will be talking about subjects that are familiar to him/her, such as families and homes. Starting today, I will be sending home some FUNWORK. This activity or question will only take five minutes to complete together. The information will be used the next day in a graphing activity or group discussion.

Learning to return important papers will help to teach responsibility and doing FUNWORK like older students will make him feel important and grown-up. Thanks for making home a school zone too.

Sincerely,

Name: _____
