## Gingerbread Men Ornaments

(These are not edible ornaments)

½ cup of cinnamon  
½ cup of applesauce  
2 Tablespoons of glue

Mix together and roll out onto wax paper. Use a gingerbread cookie cutter to cut out the ornaments. Poke a hole on the top with a straw. Let air dry for a couple of days. Then you can paint them if you like. The smell is wonderful!!! This makes approximately 6 ornaments. So increase recipe amounts to you make enough for your whole class.
