

Rubric for Assessing Student Journals

(L.A.B.1.2.2.5.1 and L.A.B.1.2.2.5.4 and Effective Communicator)

Focus	Supporting Details	Comment.
You consistently stayed focused on the prompt's topic and clearly communicated your knowledge of the content in the prompt. Great Work	You included at least two facts or details from a variety of sources (teacher info. Group work, individual research) which back up your opinion or answer to the prompt.	All right! Ready for the next journal entry!
Whoa! Your focus was sometimes off. You need to remember to concentrate on the prompt and provide information ONLY about the prompt. You did not clearly communicate to me that you understood the content the prompt was asking for.	Oops! You either didn't include any facts to back up your opinion or answer to the prompt. Remember that in order for your opinion to count, you have to back it up!	You're almost there. Keep working at it- we'll see how you do on the next one. <hr/> Not quite ready to move on! Come see me for some extra help.
